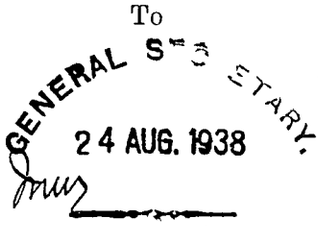
OFFICE OF THE MUZRAI COMMISSIONER
IN MYSORE,

Bangalore, ...22nd August 193 8

FROM

K. V. ANANTARAMAN, ESQ., B.A.,
Muzrai Commissioner in Mysore.

To



M. Venkatesa Iyengar, Esq., M.A.,
Secretary to the Government of His Highness
the Maharaja of Mysore,
... General ....*Department.*

SIR,

R e c o g n i t i o n,
by the
Board of Indian Medicine, Madras,
of the
Diploma of Licentiate in Ayurvedic Medicine and Surgery,
granted by the
Mysore Government Ayurvedic and Unani College, Mysore.

I have the honor to state that Mr. N. V. Upadhya and two others of Mangalore have represented to me that in spite of their having completed the four years course in the Avurvedic and Unani College, Mysore, and received the Diploma of L.A.M.S., (Licentiate in Ayurvedic Medicine and Surgery), they are under disability, as the Central Board of Indian Medicine, Madras, refuses to recognise the Diploma granted by the Mysore Government, and that steps may be taken to make the said Board, to recognise the Diploma conferred by the Mysore Government, and register such diploma-holders in "A" Class, as, otherwise, a time may come when un-registered practitioners may not be allowed to practise in Madras Presidency.

2. The Committee of the Ayurvedic and Unani College, Mysore, who were consulted in the matter, have opined that necessary steps may be taken to obtain the recognition desired by the petitioners.

3. The Principal of the College and the Vice President of the Committee request that the authorities concerned may be addressed in the matter.

4. From the detailed report of the Principal of the College dt 18-7-1938, it is seen that the Central Board of Indian Medicine, Madras have divided the practitioners into two Classes, 'A' and 'B', with different standards of status and prospectus. The candidates of the Indian School of Medicine, Madras, who are permitted to do medical, surgical, and medico-legal work, are put into 'A' Class, leaving all the rest including those of diploma-holders of the Mysore Ayurvedic and Unani College, who are permitted to undertake medical work only, under 'B' Class, though the general and technical qualifications of the candidates of our College are in no way below the prescribed standard of 'A' Section candidates of the Madras Indian School of Medicine.

5. If the diploma-holders of the Mysore Ayurvedic and Unani College are not recognized by the Central Board of Indian Medicine, Madras, there will be much difficulty for the outside students who come and study Indian Medicine in our College, and those who already hold our diplomas will be much handicapped.

6. Under the circumstances, I request that the Hon'ble the Resident in Mysore may kindly be moved to address the Government of Madras, in the matter of registering the diploma-holders of our College, under 'A' Class.

7. A copy of Vice President's letter No.7 dated 12-7-1938 with its nclosures, is sent herewith.

I have the honor to be,

Sir,

Your most obedient servant,

Muzrai Commissioner.

kkn

12-7-38 from the Vice President, Ayurvedic and Unani
to the Muzrai Commissioner in Mysore.

Adverting to your letter No.213 dated 24th January 1938 calling for a report with the views of the College Committee in the matter of the recognition by the Central Board of Indian Medicine of the diplomas conferred by the Government of Mysore, I have the honor to state that the question was discussed at the meeting of the College Committee held on 24th June 1938 wherein it was resolved that necessary steps might be taken to obtain the recognition desired through the kind support of the President of the Committee.

A copy of the Committee's resolution together with the Principal's letter No.10 dated 6-7-38 in original is herein enclosed.

I request the favour of your kindly addressing the authorities concerned in the matter.

"Copy"

M. N Ramachandra.

From

The Principal,
Govt. Ayurvedic and Unani College,
Mysore.

To

The Vice-President,
Govt. Ayurvedic and Unani College Committee,
Mysore.

Sir,

With reference to your memo No. 364 dated 28-1-38 forwarding the letter No. P.C. 213/37-38 dated 24-1-1938 from the Muzrai Commissioner in Mysore, Bangalore, regarding the submission of a report with the views of the College Committee and your opinion about the necessity of making the Central Board of Indian Medicine, Madras to recognise the diploma conferred by the Mysore Govt. Ayurvedic and Unani College, I have the honour to report that the matter was placed before the College Committee meeting held on 24-6-1938 and a copy of the resolution passed there on, has been herewith submitted for favour of needful recommendation in the matter.

In this connection, I wish to submit that the necessity of it is keenly felt by our candidates of the Madras-Karnatak Provinces who have to get themselves registered under the rules of the Central Board of Indian medicine, Madras. The Board have devided the practitioners into two classes "A" & "B" with different standards of status and prospects as follows:-

"A" Practitioners whose qualifications denote at least a minimum standard of professional training for undertaking medical, surgical (including obstritical) and medico-legal work."

"B" Practitioners whose qualifications denote at least a minimum standard of professional training for undertaking medical work only."

They have generally taken only the candidates of the Indian school of medicine, Madras under class "A" leaving all the rest including those of the Mysore College under class "B" which denotes very ordinary standard of training and status being limited to undertake medical work only, though the training imparted in our college on comparative lines with modern medical teaching both in theory and in practice in medical. surgical(including obstritrical) and medico-legal work(please vide para 2 of pages 1 and 2 of the Mysore Ayurvedic and Unani College prospectus) and the

clinical training in the well-equipped State Allopathic Institutions als Viz., Maternity, Epedemic Hospital and Tuberculosis Sanatorium in the Mysore City). The general and technical qualifications of our candidates are in no way below the prescribed standard of "A" section and more so to that of the Madras Indian School of Medicine which is probably taken as standard for that group(Vide comparative statement enclosed).

More over, holders of diploma issued under the authority of the Government of a Native State are eligible for registration under the Madras Board as per clause ii of their rules; yet our candidates are handicapped by not being admitted themselves into "A" class though they richly deserve to be included as such.

A unanimous resolution passed at the Mysore Ayurvedic and Unani College graduates' Conference held during last February under the distinguished presidentship of M.G.Mehkri Esqr., B.A., L.L.B.,Deputy Commissioner of the Mysore District, Mysore, denoting the necessity of recognition of the Mysore Ayurvedic and Unani graduates under "A" clas by the Madras Board of Indian Medicine and requesting the College auth rities to kindly do the needful to get it done was also submitted to y through this office No. 381 dated 6-3-39 for favour of perusal and necessary recommendations.

It is learnt that the time for registration of non-L.I.Ms (i.e., car didates who are not the diploma holders of the Madras School of Indian medicine) by the Madras Government expires in February next, after which, only L.I.Ms of the Indian medical school, Madras, will only be registered in the Madras Presidency and none else.

This further increases the necessity of settling the question soon since many of our candidates who are already trained, who are yet under training and who will come and join our college year after year from outside, will have to go to their native places in the Madras--Bombay--Karnatak Districts where they may not under such a standing order be permitted to follow usual practice even, though they spend their precious time and energy for more than 4 years in this College in getting themselves declared as L.A.M.S and L.U.M.S.

There are 40 passed candidates of our college in the Madras Presidency as private practitioners or as employed under the Government or District Boards with noless distinction and good name than those of the Madras L.I.Ms; and there are 12 now under training.

If our diplomas are not recognised by the Madras Government then

then, the College will automatically be considered as closed to tho outside Karnatak people who have got a chance to come and study Indian medicine through the medium of Kanarese in the Mysore College and spread its good name outside through their efficiency and service and all those who have already got such a chance will be very much handicapped.

Under these circumstances, I request you to be good enough to make suitable recommendation to the Madras Government to consider the Ayurvedic and Unani graduates of our college to be registered under "A" class.

A statement showing the comparison of standard of general qualifications of the candidates admitted to the Indian School of Medicine, Madras and the Govt. Ayurvedic and Unani College, Mysore and the copies of the curricula of studies of both the Institutions are herewith submitted for kind reference.

I have the honour to be,

Sir,

Your most obedient servant,

Principal.

6.7.1936

Govt. Ayurvedic and Unani College,
Mysore, dated 28th April 1938.

Notes submitted.

Comparison of standard of General qualification of the candidates admitted to Indian School of Medicine, Madras and the Govt. Ayurvedic and Unani College, Mysore.

The standard of preliminary general qualification required will be such as to ensure an adequate knowledge of English as well as Sanskrit or Telugu or Urdu for the Ayurvedic and Unani Sections respectively.

a) Candidates who have obtained secondary school leaving certificates considered as satisfactory or any other examination equal to that in standard (Vide 3 & 3 of the prospectus of the Indian School of Medicine, Madras.

The same qualification with S.S.L.C.pass (E.C.&P.S.compulsory) in the Ayurvedic and Unani College, Mysore.(Vide page 3 of the College prospectus under the rules of admission of the College.)

Should a sufficient number of qualified candidates be not avail in any one year, the standard of educational qualification may temporarily be reduce by the Principal(In Indian School of Medicine) but not so very linient in the Mysore Ayurvedic and Unani College, even though, candidates of the required qualifications are not forth-coming in sufficient number.

Board Examinations.

At the end of each year, Board Examinations are conducted in Madras; so also in Mysore under strict control and orders of the Mysore Government through an approved Board of Examiners selected in and outside the State.

The medium of instructions is Vernacular in both the Institutions and teaching is done side by side in a comparative method without simply mixing them both in the form of a general lecture.

In the Mysore College-- all the Ayurvedic and Unani subjects are taught original texts only and even the allopathic subjects are taught in origina texts only where as in Madras, prominence is given to the principles of the subjects in general and there seems to be no compulsion of texts. In Mysore as in Madras, clinical and obstritrical training is given in the local well known allopathic hospitals like P.K.Sanatorium, Epedemic Hospital and Vanivilas Maternity Hospital as a supplement to the systematic practical & hospital training in the Ayurvedic & Unani College-Hospitals, in original oriental style.

The standard of training and the proficiency acquired by the students of the Mysore Ayurvedic and Unani College is in no way deficient to the maximum standard expected by the Madras Board of Indian Medicine to include them under class "A".

Eligibility for registration under Indian System of Medicine, Madras, Section I.

Holders of diploma issued under the authority of the Government of a Native State is eligible for registration.

Regarding the devisability of registered practitioners under sections "A" & "B".

"A" practitioners whose qualifications denote at least a minimum standard of professional training for undertaking medical, surgical (including obstritrical) and medico-legal work.

"B" Practitioners whose qualifications denote at least a minimum standard of professional training in undertaking medical work only.

Principal,

With reference to your letter No.F.700-38/A.U.II, dated 27th September 1938, on the subject specified above I am directed to state that the alumni of the Government Ayurvedic and Unani College, Mysore are not eligible at present for registration in any class. The institution will have to apply first for its recognition as a training centre for A or B class practitioners. The Principal, Indian Medical School will send up proposals for recognition of the institution, if, after inspection in accordance with the procedure laid down in G.O.No.877 P.H., dated 19th March 1936, the training provided for the candidates is found to be adequate for qualifying them for registration in class A or B. The institution will have to pay the prescribed fee of Rs.50/- besides the additional sum required for Travelling Allowance etc., of the persons deputed for inspection. One of the conditions prescribed by the Central Board of Indian Medicine for recognition as centres for training practitioners registrable in A class is that the course of training should extend to not less than five academical years.

LOCAL SELF-GOVERNMENT DEPARTMENT

(Public Health)

G.O. No. 877, P.H., 19th March 1936

Indigenous systems of medicine—Recognition of some diplomas granted by certain teaching institutions, the fixing of fees therefor and constitution of a standing Inspection Committee of the Central Board of Indian Medicine.

READ—the following papers :—

From the Principal of the Indian Medical School, dated 18th March 1935, No. 3462-1-S/35.

From the Principal of the Indian Medical School, dated 22nd November 1935, No. 3462-3-S/35.

Order—No. 877, P.H., dated 19th March 1936.

The Central Board of Indian Medicine have made the following proposals regarding the recognition of teaching institutions and examining bodies :—

(i) That the following diplomas granted by the institutions noted against them may be recognized :—

Name of institution	Diplomas
1 Venkataramana Ayurvedic College, Mylapore.	Vaidyavisarada and Ayurveda Siromani.
2 Madras Ayurvedic College	Ayurveda Bhushana and Bhishagwara.
3 Ayurvedic and Unani Tibbi College, Delhi.	Fazil-i-Thib-wal-Jarahat.
	Kamil-i-Thibwal-Jarahat.
	Ayurvedhacharya Dhanvantari, and
	Bhishagacharya Dhanvantari.
4 Government Ayurvedic and Unani College, Mysore.	Diplomas granted by this institution.

(ii) that standing sub-committee of the Board be constituted for the purpose of inspecting institutions which have already applied for recognition or which may apply for recognition hereafter; and

(iii) that a fee of Rs. 100 be levied for inspection of institutions applying for recognition.

2. The Venkataramana Ayurvedic College was affiliated to the University of Madras since 1930; and the Madras Ayurvedic College has since become defunct. There is therefore no need at present to accord recognition to these two institutions. The Government however have no objection to the registration of the alumni of these two institutions as 'A' or 'B' class medical practitioners, as the case may be, provided that they satisfy the conditions laid down by the Central Board of Indian Medicine in this behalf. The recognition of the Ayurvedic and Unani Tibbi College, Delhi, may be deferred till the Central Board has been able to form an opinion after the receipt of the information called for from the United Provinces Board of Indian Medicine.

3. The proposal that a standing sub-committee be constituted for the purpose of inspecting institutions applying for recognition is approved. The inspection should however be conducted by the chairman of the committee and only by one member of the committee belonging to the Ayurvedic, Siddha or Unani system as the case may be. A fee of Rs. 50 will be levied from the institutions applying for recognition and an additional

sum will be recovered in advance from the institutions concerned to cover the travelling allowance at the rates shown below, payable to the chairman and other members of the inspecting committee :—

Persons who draw fixed pay.

For all journeys performed by rail ..	Single railway fare of the class allowed under the Madras Travelling Allowance Rules.
For all journeys performed by road, canal, etc.	Mileage at the rates admissible under the Madras Travelling Allowance Rules.
For all journeys performed by rail of over 200 miles.	An additional allowance equal to the daily allowance admissible under the rules for every 200 miles or part of 200 miles in excess of 200 miles. (No additional allowance will be paid when the distance travelled is 200 miles or less or for the first 200 miles where it is over 200 miles.)
For each day spent on inspection ..	Daily allowance at the rates admissible under the Madras Travelling Allowance Rules.

Others.

The power to grant travelling allowance to any member of the committee who is not a Government servant and who is not drawing any fixed pay shall be exercised by the President of the Central Board of Indian Medicine who shall consider each case on its merits :

Provided that the allowances granted shall not exceed the rates admissible for Government servants of grade IV.

4. The election of the following persons to form the First Standing Inspection Committee is approved :—

Chairman	President of the Central Board of Indian Medicine (ex-officio).
Members	Messrs. N. Madhava Menon, Peer Madani Sahib, and Vaidya Ratna C. S. Murugesa Mudaliyar.

5. The enclosures to the letter from the Principal, Indian Medical School, read above are returned.

(By order of the Government, Ministry of Education and Excise)
